VENDOR NAME: Nextel Communications**VENDOR FEIN:** 52-1653244**SERVICE/PRODUCT NAME:** Wireless Service and Equipment: Service – Promotions – Expires 8/31/2004**SERVICE/PRODUCT DESCRIPTION:**

Nextel Communications' integrated data and voice network provides customers with one single, dynamic integrated digital nationwide footprint; 100% digital cellular voice communications; digital "always on", IP-based packet data service; and no roaming charges within the U.S. Nextel's 4-in-1 wireless communication solution provides digital cellular, Direct Connect, Specialized Messaging Services, and wireless circuit and packet data.

Direct ConnectSM is the 2-way digital walkie-talkie feature that lets you get right through *instantly* without the hassles of voice mail, phone tag or time delays. Already built into every Nextel phone, Direct Connect lets you instantly contact coworkers, customers, suppliers, family and friends. It provides instant communication via a private or group "walkie-talkie"-like call. Direct Connect improves productivity and reduces "telephone tag", as Direct Connect calls do not terminate in a voice mailbox. It is also a fraction of the cost of cellular. VibraCall alert provides a discreet way to receive your Direct Connect calls. No other carrier provides you the ability to make such instantaneous private or group calls.

Group ConnectTM allows customers to instantly communicate with up to 25 people at once with the push of a button, using Direct Connect service. It is a great feature for team members who depend on timely, consistent communication. Instead of making multiple calls, customers can reach more people at once -- get answers and get back to work.

Nextel Public Safety Value Plan – for Public Safety entities only, Nextel's public safety communications solution provides interoperability across agencies, jurisdictions, and regions via Direct Connect and talk groups you designate. Coverage can be extended into remote areas in times of emergency, and is always on to supplement communications is the public network fails. Advanced features include:

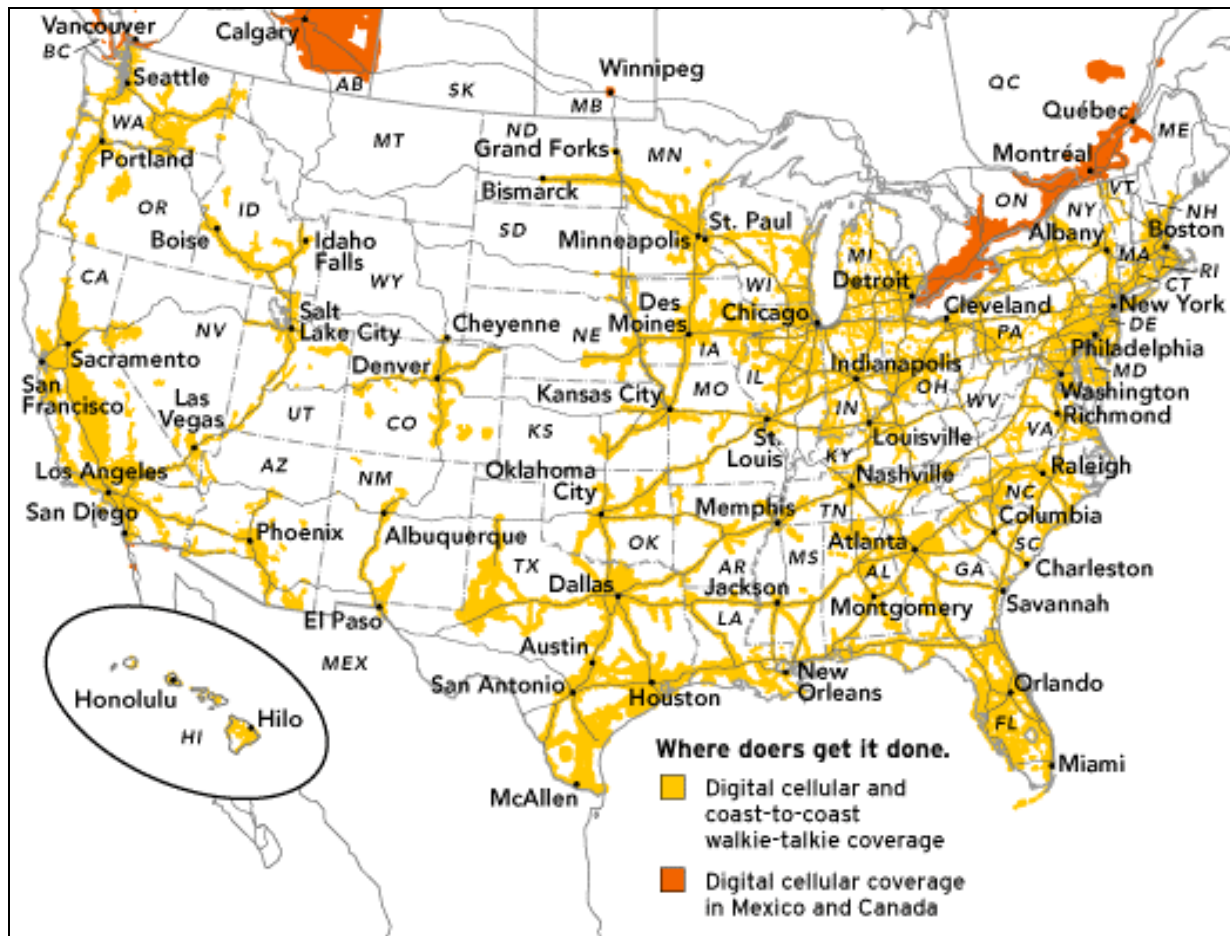

- Priority Connect – putting your Direct Connect call ahead of others to help you get through when the network is congested. Users must be approved by Nextel and appropriate priority level set for them.
- Emergency Group Connect – providing access to network resources during times of congestion, all members of the talk group receive priority treatment for the duration of the Nextel Group Connect call. This feature requires use of r750plus AFU handset.
- Talkgroup Scan – allows you to monitor group call activity of up to four Talkgroups at one time. This feature requires use of r750plus AFU handset.
- Premium Public Safety Customer Care – Public Safety agencies are eligible to receive Premium Customer Care, 24 hours a day, 365 days a year, get support for order fulfillment, talk group set-up, service activation, handset repair and unit replacement.

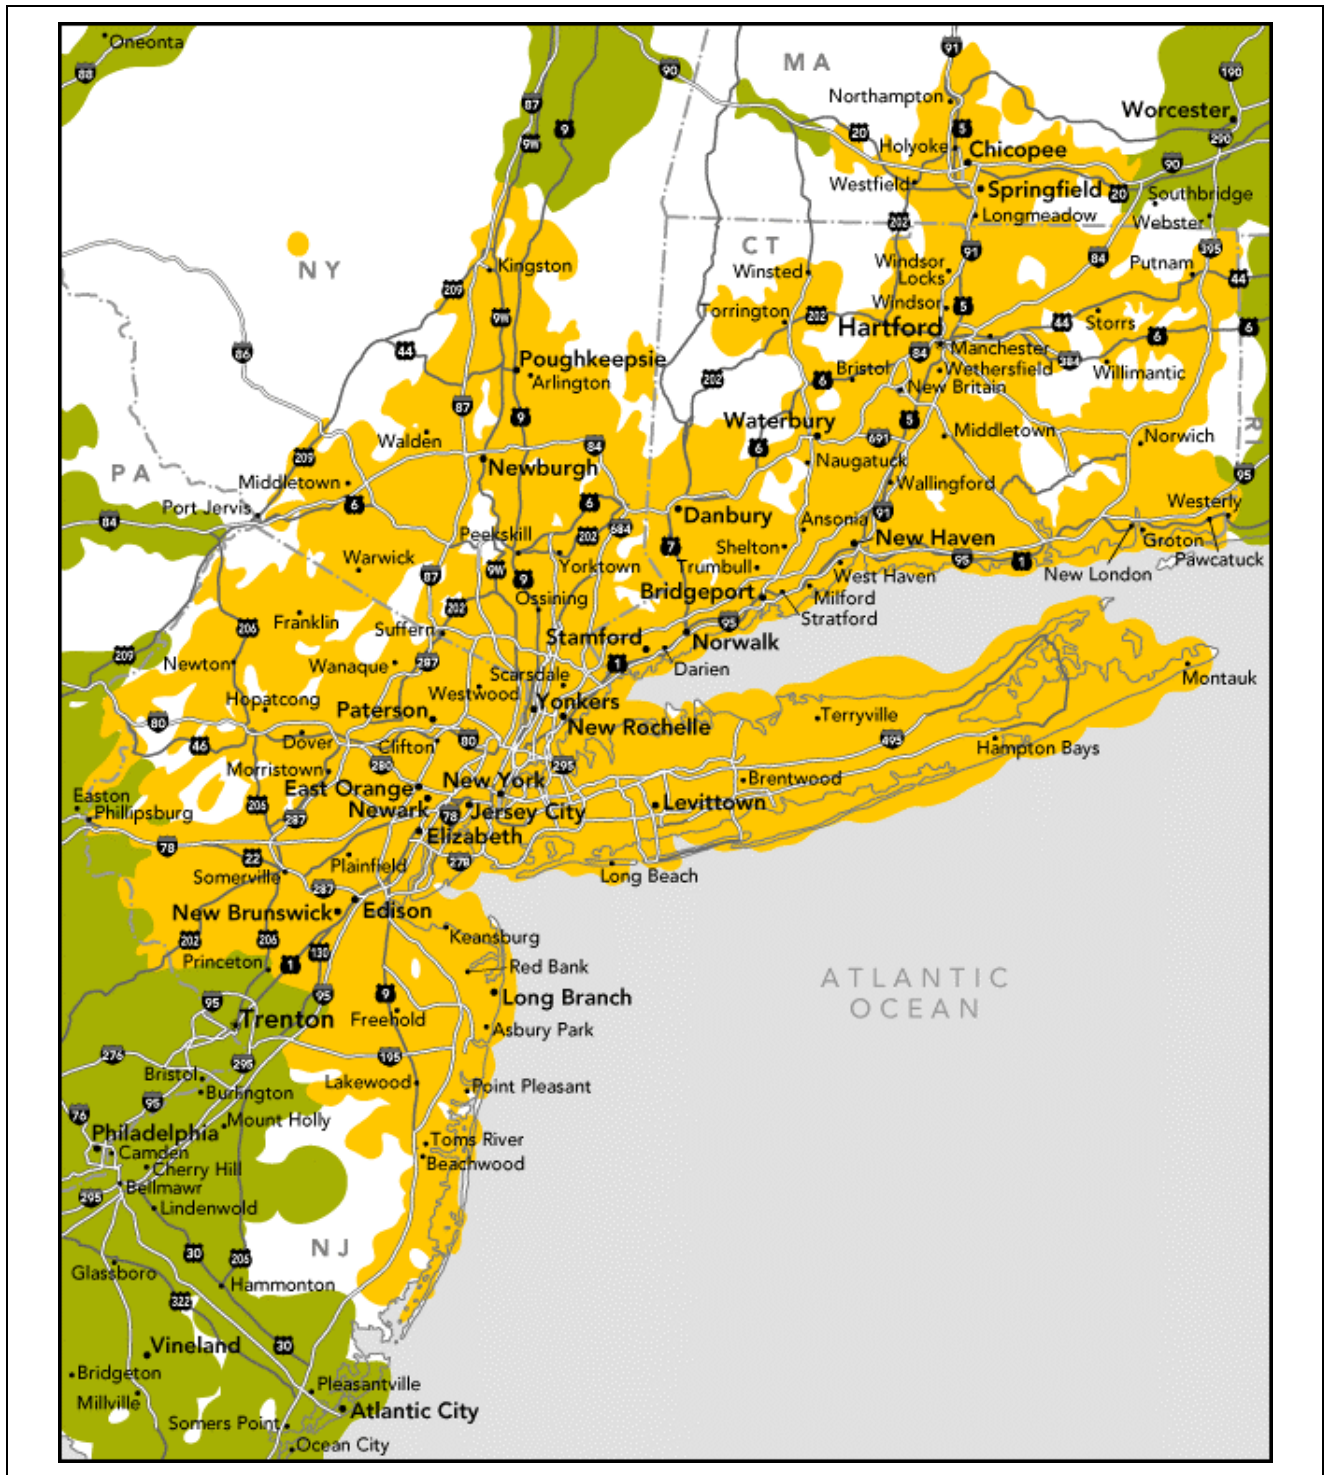

Nextel NextmailSM –Use Direct Connect to email a voice message to a person or group, even if they're not a Nextel user. Email address can be in any state or country. Registration required. Email addresses must be input online, and a Direct Connect number will be assigned to that address and entered into phone book. User selects a recipient from phonebook, presses Direct Connect button to record voice message, releases the button and the message is sent to the address selected. NextMail uses Direct Connect minutes while message is being recorded. Nationwide Direct Connect Charges do not apply for NextMail messages. No set up fees. No charges for SMS messages sent as replies from recipient. Recipients pay nothing to receive or reply to NextMail messages.

International Direct Connect – International Direct Connect service is available in and between the US and Canada, and the US and Argentina, Brazil, Peru, and Mexico. Available to Nationwide Direct Connect users and subscribers of Nextel Online Wireless Web or Two-Way Messaging services. All fees waived until September 1, 2004.
